Everyone knows that Vail is the place to ski in the winter. But if you haven’t been there in the summer, you are in for a treat. Summer in Vail offers a stunningly beautiful alpine setting and incredible weather for hiking, cycling, whitewater rafting, canoeing, nature walks, jeep tours, and so much more. Vail’s trails, rivers, shopping, restaurants, and spas are unparalleled in the Rocky Mountains. Vail just celebrated its 50th birthday, and offers so many more things to do and see than when we were there ten years ago for our own 50th Annual Institute.

The Annual Institute opens with the General Session on Thursday morning. That afternoon and for the remainder of the conference, attendees can choose among the Mining, Oil & Gas, Water, Public Lands, Environmental, International, and Landman’s Sections. See the program inside for details.

Come a little early so you don’t miss our hosted Dessert Reception from 8:00–9:30 pm on Wednesday night around the pool at the Marriott. **New for young professionals:** a reception from 6:00–8:00 pm Wednesday evening—see inside for details. The traditional Thursday evening reception at Vail Square will offer food and drink for both you and your family.

Although our headquarters hotel, the Vail Marriott, is already sold out, a dozen other nearby hotels and condos, from upscale luxury to budget conscious, are offering our attendees discounted room rates. Book as soon as possible to get your choice of accommodation. See inside for complete details and a link to a map.

**FUN FACT:**
Our first Annual Institute in Vail was in the summer of 1969. Clyde Martz was our keynote speaker, and the most expensive hotel room was $18.50/night.

**Vail: Come for the education; bring your family for the destination.**
